

## *Business Policy*

*Please read our policy for making and keeping your appointments with Intuitive Kinesiology®:*

*If you are sending a check please pay attention and make your checks payable to Carol Dewitt and NOT to Intuitive Kinesiology. I do not have a business account and the bank will not cash it. Send your check in a timely manner before your scheduled appointment time.*

*Missed appointments have a 15 minute grace period and then will be re-scheduled. Your time is pre-scheduled for a 50-60 min. time slot. If your appointment is at 9am and you are 10 minutes late you may be seen but your time will start at that point and end at the pre-arranged time. Two missed appointments are counted against your package. For 30 minute sessions there is NO grace period. If you are late you will be re-scheduled. Again: If you miss more than two appointments or are late, your missed appointment will be debited against your package.*

*I welcome calls made to me other than a scheduled appointment to chart progress or discuss your situation. Please be mindful of my time and keep these conversations a brief 15 minutes. If you need to talk longer than that you will be charged a consultation call. Try and keep conversation during a session to a minimum as we would like to use most of your hour to clear your system. Some talk is necessary and if you need to talk we will, but*

*know that if we talk too much we will not be clearing your system of imbalance.*

*Individual sessions cannot be transferred to a package price. If you do not have a package going you may not take an individual session and then decide to transfer that as a credit. Our packages are at a substantial discount to save you money over time. Please decide before you make your first appointment if you want one appointment or a series. Otherwise you will be charged for that appointment as well as for your package.*

*Your package discount may be transferred to family members living with you ONLY. If you would like to share your experience with friends we have gift certificates available.*

*Your package is valid for up to 6 months from the time you purchase it. We find to get the most out of your package and see the best results it is advisable to use it within that time. Once a month for maintenance and more than that while working through acute issues. If your package goes beyond 6 months you will be charged an additional fee.*

*We try and keep our charges low and affordable for clients, keeping the beauty of the work in mind as well as making a living. That can be a challenge and concerns me, however due to rising costs and additional cost of certification and continuing education, it may be necessary to raise prices occasionally.*

---

*Intuitive Kinesiology® strives to give you the most of our time and expertise at a reasonable fee. Our costs have remained low comparatively and are well below the rising cost of health care. Please compare our prices with other health care professionals you may be currently using. We understand that many pay for this method of care on a cash basis and may look at IK as unaffordable. Please keep in mind our cost breakdown when looking for ways to care for you. We all have a choice where we spend our money. We hope that you will think about making Intuitive Kinesiology® a priority in your choice of health care. It is our hope you will choose YOU as a priority. We know we can help you achieve your goals.*
